Account.

Read—the following papers :—

I

Letter—from S. B. Murray, Esq., Superintending Engineer, VI Circle.
To—the Chief Engineer for Irrigation.
Dated—Trichinopoly, the 25th August 1912.
No.—1064 C.E.

I have the honour to forward herewith for your approval and sanction of Government an estimate amounting to Rs. 200 for constructing a bath-room and a kitchen for the use of the store-keeper at Thekkady. The necessity for the work is explained in the report attached to the estimate.

Enclosure.

Report to accompany the estimate for constructing kitchen and bath-room for the store-keeper, Thekkady.

	RS.
Amount of estimate	200

The original quarters of the overseer at Thekkady were converted into drivers' quarters and are occupied by the driver now. A temporary thatched shed was erected in 1907, at a cost of about Rs. 50 when an overseer was posted for the watershed cutting. When this work was closed on June 1910, the shed was vacated, and was occupied by the store-keeper. In the course of the repairs in 1911–12 some old cast iron sheets were used up for the roof of the quarters under an estimate of Rs. 64, C. R. No. 112/11-12. The total outlay on this shed is about Rs. 100. The quarters are made up of hurdle wall with corrugated sheet roof, and the kitchen, etc., is entirely thatched one. This was not considered worth noting in the register of buildings, as it was purely a temporary thatched one. As a permanent structure is required for the store-keeper, and as the present shed requires further improvements to protect it from fire, etc., it is proposed to make the kitchen pakkah and to provide a bath-room. Hence the necessity for this estimate. The approval of the Superintending Engineer to bring the same on the register of buildings and his sanction to the estimate are requested.

V. Hart,
Executive Engineer, Madura Division.

II

Letter—from V. Hart, Esq., Executive Engineer, Madura Division.
To—the Superintending Engineer, VI Circle.
Dated—the 6th September 1912.
No.—883 S E.

Adverting to your No. 5744, dated 25th August 1912, I have the honour to inform you that the capital cost of the building * including the cost of the old corrugated iron sheets used for the roof is Rs. 100 only.

* Constructing a bath-room and a kitchen for the use of the store-keeper at Thekkady—estimate Rs. 200.

No. 1150-C.E., dated 10th September 1912.

Submitted to the Chief Engineer for Irrigation, for information in continuation of this office No. 1064 C.E., dated 25th August 1912.

S. B. Murray,
Superintending Engineer, VI Circle.

III

Endorsement by the Chief Engineer for Irrigation, R.O.C. No. 2387/12, dated 20th September 1912.

Administrative approval may be accorded to the proposal to construct, at a cost of Rs. 200, a bath-room and a kitchen for the store-keeper's shed at Thekkady, Periyar system, and the estimate returned to the Superintending Engineer, as it is within his powers of sanction.

2. The estimate has been classified under the head "42. Extensions and Improvements" of the Periyar system.

H. E. Clerk,
